**ITEMS DEBATED****PREPARATION OF THE SPRING MEETING OF THE EUROPEAN COUNCIL**

The Council examined an annotated draft agenda prepared by the presidency for the spring meeting of the European Council, to be held in Brussels on 13 and 14 March. (6259/08)

The European Council will focus on:

- the launch of a new three-year cycle of the EU's strategy for growth and jobs, for the 2008-2010 period;
- an integrated climate change and energy policy;
- the stability of financial markets.

As regards the growth and jobs, the main focus of the new three-year cycle will be on implementation and delivery of reforms, given that the strategy is now considered to be delivering on its objectives. The current priorities – knowledge and innovation, employment, the business environment and energy and climate change – continue to be valid. And whilst evolving challenges need to be addressed, economic and employment guidelines are seen not to need an overhaul.

The annotated draft agenda will serve as the basis for draft European Council conclusions to be prepared by the presidency and submitted to the permanent representatives committee.

The European Council will also review the international situation if necessary.

## **OTHER ITEMS APPROVED**

### **EXTERNAL RELATIONS**

#### **EU special representatives - Extension of mandates**

The Council adopted joint actions extending, with some amendments, the mandates of five EU special representatives (EUSRs).

The joint actions extend the mandates of:

- Marc Otte, EUSR for the Middle East peace process, until 28 February 2009 (5484/08).

The mandate is also adjusted to the role the EUSR has been assigned in relation to the EU police mission in the Palestinian Territories (EUPOL COPPS) and to the EU border assistance mission for the Rafah crossing point (EU BAM Rafah), in line with the new command and control structure for EU civilian crisis management operations.

- Francesc Vendrell, EUSR for Afghanistan, until 31 May 2008 (5302/08)

As Mr Vendrell is not available to serve as EUSR beyond that date, the Council is expected to appoint a new EUSR for the remaining period of the mandate until 28 February 2009.

- Erwan Fouéré, EUSR in the former Yugoslav Republic of Macedonia, until 28 February 2009 (5090/08).
- Miroslav Lajčák, EUSR in Bosnia and Herzegovina, until 28 February 2009 (5212/08).
- Peter Semneby, EUSR for the South Caucasus, until 28 February 2009 (5384/08).

#### **Zimbabwe - Restrictive measures and suspension of aid**

The Council adopted a common position renewing restrictive measures against Zimbabwe for a further year, until 20 February 2009 (5886/08).

The restrictive measures, first introduced in February 2002, consist of a ban on entry into the EU and a freeze on financial assets for individuals who engage in activities that seriously undermine democracy, respect for human rights and the rule of law in Zimbabwe. An embargo on the supply of arms and equipment intended for military operations is also in force.

The Council also adopted a decision extending for 12 months the suspension of support to Zimbabwe under the European development fund, given that essential provisions of the ACP-EU partnership agreement continue to be violated by the Zimbabwean government.

Support remains suspended in all areas except those in direct support of the Zimbabwean population, reorientation of support in favour of social sectors, democratisation, respect for human rights and the rule of law. The signing of new EDF support also remains suspended.

The suspension of support was first decided in 2002, subsequent to consultations under the ACP-EU partnership agreement.

### **Relations with the Republic of Moldova - *Council conclusions***

The Council adopted the following conclusions:

"The Council notes the positive dynamics in EU-Republic of Moldova relations over the past 12 months, as witnessed by the entry into force of the Visa Facilitation and Readmission Agreements on 1 January 2008, the opening of a Common Visa Application Centre in Chisinau in April 2007 and the initial contacts between the Commission and the Republic of Moldova with a view to exploring the possibilities for agreeing a pilot mobility partnership within the framework of the global approach to migration. The Council underlines EU efforts to contribute to the conflict settlement in Transnistria, and notes the effective engagement of the EUSR for Moldova in the region and the prolongation of the mandate of the EU Border Assistance Mission to Moldova and Ukraine (EUBAM) for another two years from 1 December 2007. The Council welcomes the active alignment by the Republic of Moldova with CFSP Declarations and looks forward to the entry into force on 1 March 2008 of the Regulation on granting additional autonomous trade preferences for the Republic of Moldova.

The EU attaches great importance to further strengthening the relationship, and to ensuring the continuation of the process of political and economic reforms in the Republic of Moldova. The Council welcomes the progress made by the Republic of Moldova in the implementation of the ENP Action Plan over the last three years. However, further and continuous efforts are needed in order to strengthen democracy and the rule of law, respect for human rights and fundamental freedoms, including the freedom of the media, *inter alia* in the run-up to the parliamentary elections, and to reinforce the fight against corruption, as well as to improve the investment climate, in particular the transparency and predictability of the regulatory framework. In the light of the above, the full respect of the EU-Moldova Partnership and Cooperation Agreement and the ENP Action Plan, notably their investment-related provisions, are of utmost importance.

The Council looks forward to the Commission's Progress Report foreseen for April 2008, which will provide a good opportunity to further evaluate the situation. On the basis of sustained progress in Action Plan implementation, the EU is ready to start reflection on a new agreement with the Republic of Moldova going beyond the PCA."

### **Albania - European partnership**

The Council adopted a decision on the principles, priorities and conditions contained in the EU's European partnership with Albania (5347/08).

The decision is based on regulation 533/2004 on the establishment of partnerships within the framework of the stabilisation and association process for the Western Balkans. It updates the current partnership, identifying renewed priorities for further work on the basis of the findings of the Commission's 2007 progress report on Albania's preparations for further integration with the EU.

The European partnership is a key feature of the pre-accession strategy, identifying new as well as remaining priorities for action and providing guidance for financial assistance.

The decision repeals decision 2006/54/EC.

### **10th European development fund**

The Council adopted a regulation laying down financial rules for implementation of the 10th European development fund (EDF) (16660/07 and 5234/08).

Some changes in comparison with the 9th EDF financial regulation have been introduced in the light of practical experience in order to simplify and facilitate EDF implementation and the realisation of the policy objectives.

The financial framework for EDF funding covers commitments beginning on 1 January 2008 for a period of six years. In order to implement the framework, the EU's internal agreement of 17 July 2006 established a 10<sup>th</sup> EDF and required the adoption of a financial regulation.
